EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Stewart (Reg. No. 45,133) on 19 July 2004.

The application has been amended as follows:
Cancel claims 16-19.

2. The following is an examiner's statement of reasons for allowance: None of the prior art teaches or suggests the claimed invention. Specifically, while Rongen et al. teaches embedding a digital watermark by modifying a set of salient points, Rongen et al. fails to suggest that the points are obtained by thresholding or reducing a digital watermark signal, or that message objects be placed at the points thus obtained, as variously required by claims 1, 6, and 10. Rongen et al. also fails to teach placing a first set of photographs at such positions and then arranging a second set of photographs to complete a photo-mosaic, as required by claim 13. Therefore, each of these claims is allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Maes et al. references each teaches "warping" the image using a set of salient points to embed digital watermarks. Ding et al., Caldelling et al., and Lubin et al. each teaches various digital watermarking techniques.

5 4. Any inquiry concerning this communication or earlier communications from the
examiner should be directed to Andrew Johns whose telephone number is (703) 305-4788. The
examiner is normally available Monday through Friday, at least during the hours of 9:00 am to
3:00 pm Eastern Time. The examiner may also be contacted by e-mail using the address:
10 andrew.johns@uspto.gov. (Applicant is reminded of the Office policy regarding e-mail
communications. See M.P.E.P. § 502.03)

Boudreau, can be reached on (703) 305-4706. The fax phone number for this art unit is (703)
872-9306. In order to ensure prompt delivery to the examiner, all unofficial communications
